

Maxwell Sauber

Adjunct Instructor

COMPUTER SYSTEMS INSTITUTE - MARCH 2025 - PRESENT

- Teach Digital Multimedia Concentration courses, blending user experience principles, visual design, and interactive media.
- Adapt curriculum content to reflect real-world UX and product design workflows, emphasizing usability, accessibility, and iteration.
- Foster a studio-style classroom environment focused on critique, experimentation, and hands-on project development.

Senior User Experience Designer / Information Architect

FIDELITY CHARITABLE - APRIL 2022 - JANUARY 2023

- Documented newly designed components in Confluence, reducing friction between design, development, and business teams
- Utilized new design-system components, HTML, CSS, and JavaScript to iterate and transition legacy pages to a new platform rapidly
- Oversaw the launch of the firm's new charity search feature, ensuring design consistency and adherence to design specifications. Additional user stories in Jira addressed any gaps found during design reviews.

FIDELITY INVESTMENTS - MAY 2021 - APRIL 2022

- Reimagined a system-monitoring dashboard to reflect the firm's new enterprisewide design strategy using the firm's in-house design system
- Rewrote messaging component documentation to clarify usage and placement. Usage inquiries by designers, developers, and product owners to the squad reduced by >95%
- Reorganized layout and navigation documentation to establish a hierarchy between patterns to help Basis users create consistent and best-in-class user experiences.
- Implement documentation changes by creating and editing HTML, CSS, JavaScript, XML, JSON, and MD files and committing those updates to Stash using Git

SKILLS

Wireframing, Prototyping, Figma, Adobe Photoshop, HTML, CSS, Bootstrap, JavaScript, jQuery, JSON, XML, Wordpress, Drupal, Git/GitHub, Jira, Confluence, Agile SDLC (SCRUM/Kanban)

FIDELITY INVESTMENTS - OCTOBER 2020 - DECEMBER 2020

- Wireframed solutions to modernize a legacy application, demonstrating best practices and corporate branding standards
- Prototyped a multi-select widget to facilitate a vast (1000+) number of options
- Developed a Bootstrap template incorporating the company's Providence Design System, HTML, CSS, and JavaScript to expedite both prototyping and development phases

Web Development Manager

HANOVER INSURANCE GROUP - APRIL 2015 - SEPTEMBER 2019

- Oversaw development of all marketing websites, ensuring code/design consistency and quality
- Trained and mentored junior designers and production specialists on UI/UX industry standards and best practices
- Relaunched the Opus Investments website, collaborating with the design team and business partners to deploy a new corporate brand. Developed using HTML, CSS, and JavaScript
- Developed "Find-An-Agent," integrating Bullseye Location, Salesforce, and Google Maps APIs, enabling users to locate the nearest Hanover Insurance agent easily
- Utilized WordPress to create "The People Place," allowing Human Resources to publish information to employees, provide usage metrics, and reduce support calls

Senior Web Designer

HANOVER INSURANCE GROUP - JANUARY 2013 - APRIL 2015

- Redesigned and relaunched a new corporate website to reflect new corporate branding using HTML, CSS, JavaScript/JQuery, and PHP
- Consolidated over 15 disparate websites into a cohesive "AgentSolutions" website, highlighting product offerings in one central location
- Developed custom CSS stylesheets allowing legacy applications to reflect new corporate branding

Web Designer

MAPFRE U.S.A. - JANUARY 2009 - DECEMBER 2012

- Wireframed, prototyped, and developed the User Interface (UI) for new enterprise B2B and B2C websites with HTML, CSS, and JavaScript
- Spearheaded the implementation of Drupal as an intranet replacement, allowing all departments of the organization to self-publish and maintain content
- Designed and developed UI for multi-corporation claim submission application
- Re-branded consumer websites to reflect the parent company's corporate branding and implemented multilingual functionality
